Winchester. The widow is haunted. The house is possessed. The family is cursed. Check out the most haunted house in history in this chilling film based on true events. What is horror,

after all? Which way to look at it, what counts as a nightmare? And what is a nightmare at all? And what is a horror if it can be made? What is a horror?

Unfortunately, I don't have a clear definition of all these concepts, and I can only give my assessments based on personal experience. And in this film, for which I prepared for a long time, and certainly watched in the original, as I do not trust dubbing, and found a lot of

flaws, this experience,
unfortunately, was unsuccessful
for me.
