ECover Go - Action Script Package For Windows [2022]

Make your own e-book cover designs using Adobe Photoshop with this amazing action script. What's New in This Release: Released with the most recent version of Photoshop CS3! What's In The New Release: If you

like this script, then you'll be excited to know that the scripting is done with Adobe Photoshop CS3. This means that the script has been updated and is fully compatible with the newest version of Photoshop. If you don't have Photoshop CS3, you can still download the script that will work with Photoshop CS2 or earlier. We've also

updated the scripts to match the new look of CS3. So now if you're a Photoshop CS2 or earlier user, you can also download the scripts for use in those older versions of Photoshop. You must get the following components in order to run this script. [?] The eCover Go Adobe Photoshop eCover Action Script Package
