What's New in the?

Simply press the button and the application will start a new window. Mouseover the button (or press Enter) to activate the image-grabbing mode. Press the Esc key to stop the grabbers. A new window will be opened. At the main window, the number of webcam grabs is displayed. To start a webcam grab, press the button. The webcam grab starts and the images of the webcam will be displayed in a new window. To stop the grab, press the button. If you'd like to grab images at a given interval, click the button. On the main window, the interval will be displayed. A new window will be opened. The images of the webcam will be displayed in a new window. The countdown timer can be activated by clicking the button. The main window will be replaced by a new window with the countdown timer.
